

20th INTERNATIONAL METROLOGY CONGRESS

CIM2021

28
30 SEPT
PARIS
FRANCE

IN
MEASUREMENT
WE TRUST

CALL FOR PAPERS

YOU WISH TO
TAKE PART
IN THE EVENT AND...

- submit a **paper** before 15 January 2021

[CLICK HERE](#)

- book a **stand**
- follow the **presentations**

www.cim2021.com

UNIQUE EVENT IN EUROPE WITH

INDUSTRIAL APPLICATIONS, ADVANCES IN R&D AND PROSPECTS

- **PRESENTATIONS**
- **ROUND TABLE SESSIONS**
- **EXHIBITION**

AIMS

- **optimise** your measurements, analysis and testing processes,
- **explore** the evolution of techniques
- **anticipate** the advances in R&D

PUBLIC

1.000 participants from 50 countries

- end-users of **measurement** technology in **industry** and **laboratories**
- **quality managers** and **decision makers**
- **academics** and **researchers**

AUTHORS INFOS

- Reply to authors in March 2021
- Final papers due in July 2021
- Selection for publication in Measurement Science and Technology - IOP

KEY APPLICATIONS TO

TOPICS

- Biology
- Chemistry
- Mechanics (mass, force, dimension)
- Electromagnetism
- Flow and Pressure
- Temperature and Humidity
- Photonics
- Ionising radiation
- Materials
- Data and AI
- Quantum Technologies
- Measurement uncertainties
- Quality and accreditation
- Legal Metrology

ROUND TABLE SESSIONS

- Metrology in **the digital age**
- The role of **Metrology and Quality** infrastructures in the transition to Industry 4.0
- **Shopfloor measurement** challenges
- The future of diagnostics: a smart approach to **health measurements**
- **Industry emissions:** metrology support to achieve the new requirements
- New skills for the **future metrologists**
